

Representing the following manufacturers of quality equipment:

Allied Locke Industries - Dixon, IL (800) 435-7752

- High quality supplier of industrial and agricultural chains and sprockets, including precision roller chain, steel pintle & steel detachable, welded steel, offset drive chain, combination chain, "H" mill chain, 400-700-900 class pintle, elevator chains, manganese drag chains, wastewater, elevator buckets. (TX, LA, AR, OK)

CENTA Corporation - Aurora, IL. (630) 236-3500

- World leading manufacturer of torsional soft engine drive and marine drive couplings. (TX, LA, AR, OK, MS)

Cooper Split Roller Bearing Co. - Norfolk, VA. (757) 460-0925

- For over 100 years, Cooper Bearing Co. has provided Heavy Industry with split to the shaft roller bearings. These are available in pillow blocks, flange blocks, take-ups, rod ends, and hanger bearings. 1 3/16 inch shafts up to 24 inch shafts. Lowest cost of ownership bearings manufactured. (TX)

Fenner Drives - Manheim, PA. (800) 243-3374

- Eagle Urethane Belting, Power Twist Plus V-Belts, B-Loc & Trantorque keyless locking bushings, PowerMax Pulleys & Idlers, T-Max Belt & Chain tensioners, Trackstar UHMW belt & chain guides. (TX, South LA, NM)

Hansen Transmissions - Verona, VA (540) 213-2442

- World leading manufacturer of industrial gear units including - *Hansen P4 parallel and right angle designs, single and multi stage reductions, 18 sizes: ratios up to 640:1 torque to over 7 million lb. in., mixer drives, conveyor drives, agitator drives, cooling tower drives, pump drives.* (TX, LA, AR, OK, MS NM)

Osborn Load Runners - Cleveland, OH (800) 720-5248

- Osborn Load Runner idler-rollers are specially designed to tolerate both radial and thrust loads for heavy-duty applications. With tapered roller bearings or deep-groove ball bearings, these prefabricated rollers are engineered for convenience and long life. Also available are Osborn Load Rails. (TX, LA, AR, OK)

Sterling Electric, Inc. - Indianapolis, IN (800) 866-7973

- Since 1927, Sterling Electric has supplied motors and gears to the industrial market including: steel frame & cast iron motors, washdown motors, stainless steel motors, C-face motors, standard wormgear reducers, washdown & stainless steel wormgear reducers. (TX, LA, NM)

Systems Components, Inc. - South Haven, MI (269) 637-2191

- Manufacture complete line of both standard and special gear couplings. Carry excellent inventory of couplings and are price competitive. (TX, LA, OK, AR, NM, MS)

Voith Turbo - York, PA (717) 767-3200

- Industry leader in fluid coupling technology for soft starts and variable speed. (TX, LA, OK, AR, NM)
